

# Phlebotomy patient appointment booking system at Gilbert Hitchcock House (North Wing)

As you are aware an appointment system has been implemented to reduce waiting times and queuing for adult blood tests.

Patients are able to book an appointment by:

1. Using the online booking service (available 24/7). Patients will need to register online: <https://bedford.sangix.co.uk>
2. An automated telephone booking service (available 24/7). The telephone number is: **01234 607075**
3. Book an appointment in person by visiting the department **Monday to Friday between 1pm to 4pm.**

All patients without a request form **will not be bled**. Patients will need to return to their referring clinician for their test request form.

Thank you for your understanding.
